

WEB-BASED TIP

ESTIP to JobNet

HISTORY

- Discussed for years
- Various formats were discussed
- Should it be built into another system
 - Accounting
 - Planning
- Center for Shared Solutions/ Department of Technology, Management and Budget

GOALS

- Consistent format
- Get away from spreadsheets
- Eliminate duplicate data entry
- Give MPOs ownership of local project data after it reaches MDOT
- Central Repository for all S/TIP Data

ESTIP

- Development began in Spring 2011
- One of the first projects in State of Michigan Government to use “agile” methodology
- 3 Phases
 - Web based reporting of MAP database-Spring 2012
 - Online input of project information-Spring 2013?
 - Electronic Approval, Amendment, and Administrative Change Process

SUCCESS?

- Missed the 2014-2017 S/TIP development window
- Requires trunkline level project information
- Needed a phase 2b to allow for change management
- Allowed MPOs to query the MAP database
- Mapping of projects was a bonus benefit
- 400+ jobs created during S/TIP development

NEXT LEVEL

- Replacement for MDOT Project Information System (MPINS)—Originally not scheduled to begin until FY 2017
- JobNet- Scheduled to roll out January 2017
- Using many lessons learned in ESTIP
 - Mapping transportation projects upfront is a good thing
 - Local agencies don't always care about the same information that MDOT cares about

JOBNET

- Phase I will have all of the current JobNet Functionality including existing reports
- Additional functionality
 - Ability to assign some rights to users below MPO level
 - Process to identify potential S/TIP amendments
 - Break budgets into various sources and amounts

JOBNET PHASE II

- FHWA approval of projects and amendments
- Ability for other local entities to program jobs (RTFs and RPAs)
- Additional Reporting

NEXT STEPS (ALL DATES SUBJECT TO CHANGE)

- User Acceptance Testing-Mid August-Mid September—Looking for MPO volunteers
- JobNet training late August-late December
- JobNet roll out late January

QUESTIONS?

- Contact with questions or Volunteer to test:

Eric Mullen, 517-241-2251
