

Downtown Streets Design

Meeting 1

Wednesday,
August 21

**Kalamazoo
Institute of Arts,**
435 W South St

**6:30pm
- 8pm**

Local control of several Downtown streets has created the opportunity for us to realize many aspects of the Imagine Kalamazoo 2025 (IK2025) plan that relate to connectivity, transportation, and safety.

It's time for us to decide what we want our streets to look like! Join us at this first meeting to see where things are at since IK2025 and share your input on the future design of our Downtown streets!
