Kalamazoo Area Transportation Study [KATS]	T	210876	2	9/8/21 6:36	SMITHJ29	2026	M-40	Over Brandywine Lake Drain, at 24th Avenue.	0.132	Asphalt Reconstruction	Culvert Replacement and Road Reconstruction	CON	\$2,116,943	\$469,425	\$0	\$2,586,368	N/A						PE Phase start date was moved up from FY 2024 to FY 2021 to take advantage of surplus FY2021 R&R funding. This change allows the design to begin sooner on a known poor culvert allowing for the possibility of moving up the CON Phase Letting Date to take advantage of available funding. This change was requested by Kyle Rudlaff and approved by Sam Sorensen on 09/02/2021. Rudlaff notes on 9/7 that this SW Road R&R funded culvert replacement location has had slope failures and scour that are subject to re-occurring and it is desirable to prepare the design early so construction can be advanced if funds become available.
